## OSRAM T5 ENERGY SAVER range & ECG compatibility

To whom it may concern,

Energy saving is getting more important in fluorescent lighting. In reference to the T5 ENERGY SAVER lamps, we are pleased to provide you the following updates:

- OSRAM T5 Energy Saver lamps can be dimmed just like the conventional LUMILUX lamps down to 1%.
- OSRAM T5 Energy Saver lamps are compatible to both OSRAM fixed output and DIM Ballasts. The combinations are stated below.

ECG Type	System <sup>+</sup> Guarantee	ENEC documents	T5 ES combination
QTi DALI DIM range <sup>1)</sup>	fully performed	in preparation	 5)
QTi DIM range <sup>2)</sup>	fully performed	in preparation	 5)
QTi GI fixed output	fully performed	in preparation	 5)
QTi GII fixed output	fully performed	in preparation	 5)
QTP5 GI	fully performed	in preparation	 5)
QTP5 GII	fully performed	in preparation	 5)
QT-ECO <sup>3)</sup>	-	-	
QT-FH/-FQ <sup>3)</sup>	-	-	
Other ECG brands <sup>4)</sup>	-	-	

1) Expected availability is from February 2011

2) Expected availability is from April 2011

3) We do not recommend this combination with the 01750175 T5 ES range as full benefits of energy saving may not be realized

4) It is necessary to ask the manufacturer, if its ECG are capable for the use of T5 ES-lamp range without restrictions.

5) Other T5 Energy Saving lamp brands released if fulfilling IEC Standard
